2335

Cylinder-bed sewing machine
for industry and handcraft

by PFAFF® Industrial
Made
in Germany

Areas of application 2335

This cylinder-bed sewing machine can be used for:

- leather accessories
- leatherwear
- upholstery
- shoes.

(on request only: machine available with small hook)

The machine is suitable:

- working on tubular or pre-attached articles
- standard sewing work on leatherware, bags and leather-craft articles
- binding of shoes and leatherware with leather, imitation leather or textile tape
- piping work on bags, suitcases and upholstery

Features of the 2335

- Excellent handling of tubular and three-dimensional articles on the 50 mm cylinder arm
- Top seam quality coupled with high performance and reliability
- Precise and consistent stitch setting on all materials.
- Very neat bindings, even inside and outside curves, thanks to the moving binder, and tape is held close to the binding edge. (with part set: -17/01-650/03 or -39/21)
- Large „G“ horizontal hook (with 50% more bobbin capacity) = fewer bobbin changes
- Very good Handling due to the large clearance of 345 x 120 mm
- Automatic lubrication system for accurate adjustment of the fresh oil supply for the arm parts and wick lubrication of hook
- Unique service concept: Easy and fast access of all adjustments:

Overview of the 2335

The POWERLINE 2335 is available in the following versions with varying equipment:

	BASIC	CLASSIC
Large horizontal hook (G) with up to 40 % more bobbin thread capacity	●	●
Thread trimmer, < 13 mm thread ends (-900/81)		●
Thread nipper, controlled (-909/12)		○
Presser foot lift, with intermediate lift by mechanical foot pedal, with thread tension lift	○	
Presser foot lift, with hand lever and hand switch (electropneumatically controlled), with thread tension lift		●
Manual backtacking with hand lever	●	●
Automatic backtacking, electro-pneumatic (-911/35)		●
1 pre-selectable stitch length	●	●
2 pre-selectable stitch lengths, alternately switchable		●
1 Top feed stroke manually adjustable (top feed stroke up to 9 mm)	●	
1 Top feed stroke manually adjustable, speed adaption, multi-switch		●
Unison feed	●	●
Overload safety clutch at hand wheel	○	○
Mounting features for attachments at upper arm and sewing head	○	○
Oil-level indicator at oil tank (via gauge glass)	●	●
Sewing feet pressure, manually adjustable	●	●
DC- motor: Pico Drive II (mounted under the table)	○	●
Control panel BDF-PicoTop	○	●
Bobbin thread monitor with stitch counter and LED display (-926/07)		●
Integrated panel with 4 multi-function buttons & programmable multi-switch		○
Built in LED sewing light in the machine head, dimmable	○	○
Bobbin thread winder	●	●

* Necessary for thread trimmer, backtacking, thread nipper, presser foot lift,

● standard
○ option
