JK-2290D

JK-2290D

Item: High speed digital zigzag stitching machine
 Features: High Efficiency; Good Quality; Easy to Use

JK-2284B suitable for women's underwear, jackets, gloves, elastic reinforcement and other products zigzag sewing.

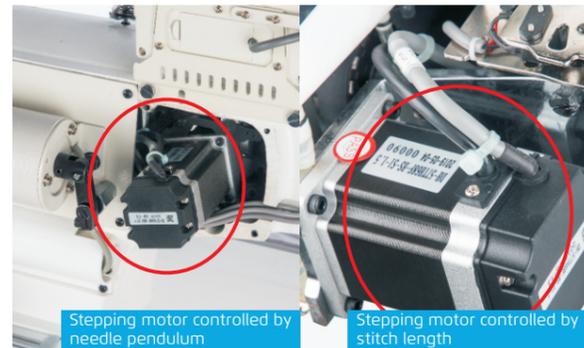

Bras

Underwear

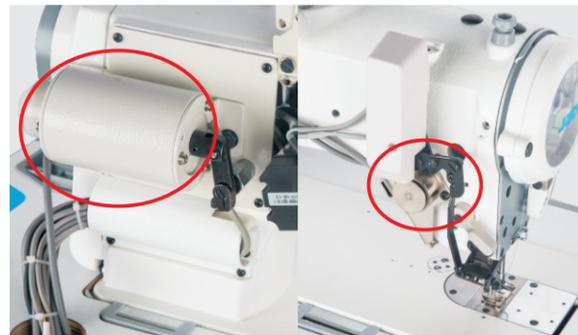

Gloves

Stitches

Stepping motor controlled by needle pendulum

Stepping motor controlled by stitch length

2 Automation; High Efficiency

Auto trimming, auto presser foot lifter, auto thread tension release, auto wiper functions are optional; The sewing efficiency can be increased by more than 35%.

1 Easy Adjustment of Needle Pendulum Size

With a pendulum swing digital dial, it can be intuitively and conveniently adjusted to the user's required pitch.

Sealed tank oil lubrication

3 Sealed Oil Supply ,Clean Sewing

equipped with sealed oil tank, which only supply oil to the hook. The needle bar and thread take-up lever adopt micro-oil technology, which can effectively prevent oil leakage and oil splashing.

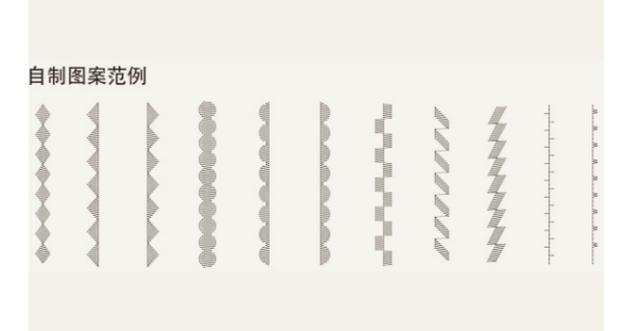

4 Equipped with LCD Panel

It is equipped with a large-size LCD touch panel, and the icon display is easy to understand and intuitive. Equipped with a pattern list, storage of common patterns, the user can directly select the desired pattern on the panel to use, no need manual editing.

5 Standard Equipped with USB

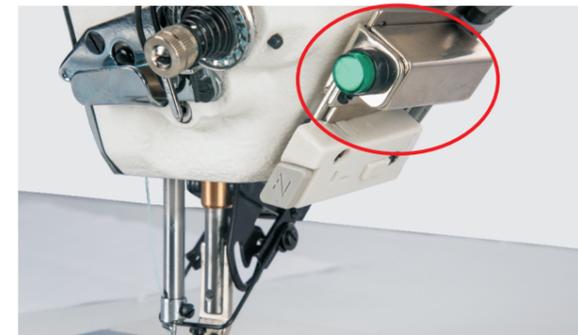

The standard USB interface can be used to copy various data set on the operation panel, and it is also convenient for software upgrades.

自制图案范例

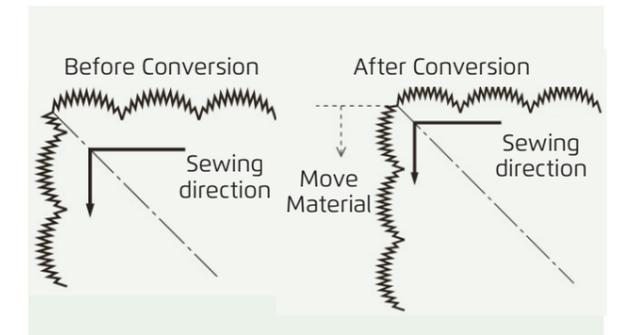

6 Customizable Patterns

Users can customize the pattern on the operation panel according to their own needs, or upload or copy the pattern to other sewing machines through the USB interface, and also can save the edited pattern directly on the operation panel.

7 Scallop mirror conversion

With the scallop stitch mirror conversion button, when the scallop seam corner, the tooth peak and foot direction is converted by a button ensure the stitches are neat and beautiful.
